### TILT, S

### MINIATURE CLASSICAL LIBRARY.

THE PROPRIETOR, in submitting this Series of elegant little Volumes to the Public (which are admirably adapted for Presents and School Prizes), grounds their elaim to extensive popularity on—

1. That nothing immoral in tendency, or mediocre in talent, is admitted into the Collection.

2. That every Volume is printed with the utmost care and correctness, on superfine paper, with new legible type, and embellished with a Frontispiece.

3. That the binding, either in cloth or silk, is of the best quality, strongly done, and elegant in its appearance.

4. And finally, that they are, nevertheless, much cheaper than any previous edition of the respective Works.
